Cortley Favored by President of Postmasters' Association.

Washington, May 26.—The National Association of Postmasters of the Second and Third Class, which met here during the day in second annual convention, was addressed by Postmaster General Cortley, who outlined his policy in regard to organizations of postal employees and the part employees may play in politics.

In his address, President Lawson of the association referred to Postmaster General Cortley and his rise in public service through the merit system and characterized him the logical successor to President Roosevelt in 1909.

Postmaster Hannibal A. Hopkins, of St. Clair, Mich., secretary-treasurer of the association, said in his report that the membership had quadrupled during the year.

SQUADRON OF JAPANESE CAVALRY DEFEATS A SLAV FORCE NEAR GUNSHU PASS.

IMPORTANT MOVE IMPENDING

BELIEVED THAT JAPS INTEND TO TRY TO TURN ONE FLANK OF RUSSIAN ARMY.

Gunshu Pass, May 26.—A squadron of Japanese cavalry which had been reconnoitering deep into the Russian rear encountered and defeated a small detachment of Russians northwest of Gunshu Pass, twelve miles from the railway on May 22, and on the following day penetrated almost to the station of Tanshiatun, twenty miles north of Gunshu Pass.

The appearance of the Japanese so far from their base is taken as an intimation of their desire for information preliminary to turning this flank.

Reports of the movements of Japanese in the direction of Tsihsihar, 300 miles west of Harbin, have been received.

Chinese bandits are active on the Mongolian border. They are hampering the Russian scouts, preventing the purchase of supplies and attacking cattle purchased by the Russians. One Russian detachment which has been buying cattle traveled 270 miles in eleven days. There are daily skirmishes with the bandits. The attitude of the North Mongolian princes is changing. An important prince whose territories touch the border, is said to have forbidden Russian merchants and reconnoitering parties to enter his country.

General Kuropatkin has arrived here on his special train. As the general's train entered from the south the mail train from the north arrived with the Princess Reuss, who is to become a nursing sister, and with Lieutenant General Sakharoff's wife, who is also to become a nurse.

BUYS WARSHIPS FOR RUSSIA.

Bulgaria Purchases Four Cruisers and Three Other Vessels.

London, May 26.—The Sofia correspondent of the Daily Chronicle asserts that the Bulgarian government has purchased four armored cruisers and three torpedo boat destroyers from the Argentine Republic for Russia, that the vessels will be transferred from the Bulgarian to the Russian flag at New Guinea, and that as a commission for this service Bulgaria is to receive from Russia \$2,500,000 worth of rolling stock of her railways.

REPORT LACKS CONFIRMATION.

Story of Naval Battle South of Formosa Unconfirmed.

London, May 26.—No news has reached London up to a late hour regarding the movements of the rival Russian and Japanese fleets or in any way confirmatory of the rumor from Manila that the fleets had met south of Formosa and that the Japanese had been defeated.

The news that Vice Admiral Rojstvensky's squadrons had passed Formosa served to harden insurance rates at Lloyds.

NEWS IS DISQUIETING

ST. PETERSBURG HEARS OF SERIOUS RACIAL STRIFE IN THE CAUCASUS.

St. Petersburg, May 26.—The most disquieting news regarding the internal situation and of the renewal of hostilities between Armenians and Moslems in the Southern Caucasus has reached St. Petersburg. Simultaneous with the assassination Wednesday of Prince Nakachidze, governor of Baku, came information that the province of Erivan is aflame with racial strife. The villagers there are arming themselves with bombs and revolvers and are gathering in hostile camps, paying no heed to the efforts of high officials of church and state to restore peace. Several encounters have already taken place in which seven persons were killed and a number wounded. Further bloodshed is feared, as the number of troops there is inadequate for the preservation of order. The government is sending reinforcements.

At Gomel, where anti-Jewish riots took place last year, a collision is reported between striking workmen and Cossacks in which one workman was killed and several wounded.

BANKING FIRM FAILS.

Many Concerns Involved in Suspension of Boston Concern.

Boston, May 26.—Seventy-one banks and trust companies, most of them in Massachusetts, but several located in various parts of the country, are among the creditors of the banking firm of Burnett, Cummings & Co., this city, which during the day filed a voluntary petition in bankruptcy in the United States district court, with liabilities placed at \$1,714,348. The assets are stated to be uncertain.

The creditors have been given to understand that they will not exceed \$200,000, if, indeed, they prove to be of any value whatever. The bankruptcy petition is the heaviest ever filed in this district.

Attorney J. T. Auebach, counsel for the bankrupt firm, said that the cause of the failure was the building and financing of the Concord and Boston Street Railway company, the Middleboro, Wareham and Buzzard's Bay Street Railway company, the Lowell and Boston street railway and the Bristol County Railway company. These roads were in thinly settled districts and were unable to make suitable connections with roads running to Boston. The four companies were placed in the hands of receivers and their notes became valueless.

The refusal of extension of credit by banks made a continuance in business impossible.

FATAL TROLLEY COLLISION.

Two Men Killed and Three Other Persons Hurt.

Augusta, Ga., May 26.—Two men were killed, three probably fatally injured and three slightly injured in a collision at night between a passenger trolley and a Louisville and Nashville coal car on the Augusta-Aiken railway in a stretch of woods some miles from Augusta on the South Carolina side of the Savannah river.

The dead are: J. E. Holdman, motor-man; Felix Boddie, employee of the railway.

Conductor A. D. Hill, C. W. Cheatham and A. W. Roberts were probably fatally hurt.

The accident occurred at the foot of a steep grade near Clearwater, S. C. The coal car, which was being conveyed to the powerhouse, broke away from the motor car at the top of the hill and swept downward for several hundred yards, acquiring such momentum that when it collided with the passenger car returning to Augusta it ground the lighter car almost into kindling wood.

WEALTHY MAN ENDS HIS LIFE.

Murder Inquiry Leads to Suicide of Leading Citizen of Savannah, Ill.

Savannah, Ill., May 26.—Rothwell Pulford, reputed to be the wealthiest citizen of Savannah, committed suicide during the day, a few minutes after being questioned regarding the whereabouts of a revolver with which he was suspected of having slain Attorney Daniel S. Berry, former leading member of the Illinois legislature. Pulford has denied any knowledge of the killing of Berry, but became agitated when questioned concerning the revolver. The story has been widely circulated that Berry was killed as a result of attentions paid by him to a married woman.

WILL INHERIT A BIG FORTUNE.

Adopted Son of Zeigler Will Get the Estate.

Des Moines, Ia., May 26.—William Conrad Brandt, the adopted son of the millionaire, William Zeigler, who died on Wednesday, will inherit the estate of \$25,000,000. The boy, who is now twelve years of age, is the son of Mr. Zeigler's half brother, George Brandt, now a wealthy manufacturer of baking powder in Chicago, and was born in Muscatine. His mother was the daughter of William Huttig, a prominent Muscatine resident.

STRUCK BY A PASSENGER TRAIN.

Four Persons Instantly Killed While Out Riding.

Canton, O., May 26.—Mr. and Mrs. Gust Miller of Louisville, O., and Mrs. Howell and daughter Anna of South Bend, Ind., were struck by a passenger train on the Pennsylvania road while out riding late at night and all were instantly killed.

The accident occurred just outside the village of Louisville, a few miles south of this city.

Three Attempts at Suicide.

Lenoir, N. C., May 26.—L. D. Whitmore, a travelling lock inspector of Stamford, Conn., was found dead at a hotel during the day. He evidently had made three attempts to commit suicide. He had first eaten the mercury of a mirror and then attempted strangulation with a towel and finally severed the arteries of his wrists, the third attempt being successful. The cause is unknown.

Serious Disturbances Occur.

Warsaw, May 26.—The disturbances here continued all day and were still in progress late at night. Eight persons have already been killed and 100 wounded, many seriously. The damage to property has been considerable.

VICTORY FOR WEAVER

MAYOR OF PHILADELPHIA SUCCEEDS IN AGAIN OUSTING TWO CITY OFFICIALS.

FEELING NOW MORE BITTER

LATEST DEVELOPMENTS IN GAS LEASE FIGHT INTENSIFY SPIRIT OF STRIFE.

Philadelphia, May 26.—The bitter feeling that has been engendered by the gas lease fight was intensified during the day when Mayor Weaver practically ejected from the offices of the departments of public safety and public works, his two former directors and again installed the men appointed by him on Tuesday. The action of the mayor was the most sensational move that he has yet made. The moment the news flashed through the great city building that the old directors were out and the new men in, rumors flew thick and fast that a wholesale dismissal of bureau chiefs and other officials was about to occur. The news created considerable excitement in the city hall and on the political "Rialto" and nearly all that were interested assembled in the vicinity of the mayor's office to learn of the next move. This came quickly, but from an unexpected quarter—the state supreme court. While the mayor was ordering his old directors out of their offices, his attorneys appeared in the supreme court and obtained a special supercedas suspending the temporary injunction granted to the old directors Wednesday by the county court.

Another dramatic incident of the day was the great ovation given Mayor Weaver by several thousand persons on his way from city hall to the Union League for luncheon. It was a sensational demonstration and was looked upon by those opposed to the lease as an indication of the trend of popular sentiment.

Mayor to Be Impeached.

In the thick of the fight in the afternoon came the story, but from where no one appears to know, that the mayor is to be impeached. For what particular offense was not clearly defined. One rumor had it that he would be brought before the bar of city councils for his conduct of an election fraud case while he was district attorney and another rumor had it that he was to be made to answer for some alleged lapse of duty while in his present position. All attempts to confirm the impeachment rumors failed, but at the same time no one could be induced to deny them.

The leaders of the organization were closeted all day either with their small army of attorneys or in receiving reports from their ward leaders. All were silent on the impeachment story and on all proposed plans for the future.

The organization leaders say they continue to "stand pat" on the gas lease and that their ranks are solid all along the line. On the other hand Mayor Weaver announced late in the day that he had assurances that the vote in both council chambers when his veto is considered will be changed materially from the vote taken last week. One councilman publicly announced during the day that he would change his vote and it is understood that the mayor has the direct promise from several others that they will sustain him.

Situation Grows More Tense.

The situation is daily growing more tense. In all sections of the city the reform organizations and the newspapers have aroused citizens to take a hand in the fight. The councilmen who favor the gas lease are having a hard time of it. They are swamped with protests and delegations of neighbors are calling on them at their homes or places of business or are holding them up on the streets. Many of them reply that they are for the lease so long as the "peerless leader," as Commissioner Durham is affectionately called by the organization men, is for it.

The ousting of the old directors was the first move of the day. Peter E. Costello and David J. Smyth were waited upon by Mayor Weaver and his attorney, Judge Gordon, and informed that unless they vacated their offices

they would be removed by force. The both vacated under protest, and detectives were put in charge of the offices until the order of the supreme court installing the new directors was received, when those officials at once took charge of affairs. The new directors are Sheldon Potter and A. L. Acker.

With Elihu Root of New York leading one contingent of lawyers and John G. Johnson of this city at the head of the opposing array of attorneys, a great legal war is in prospect.

It was reported during the day that President Roosevelt will be asked to issue a special warning to federal employees to keep out of the gas lease fight.

As a result of the agitation against the lease three select and six common councilmen have now announced that they would change their votes on the lease. This would make the vote in select council stand 34 for the lease and 8 against, and in common council 68 for and 16 against. It takes a two-thirds vote to pass an ordinance over the mayor's veto.

BAPTIST CHURCH GUTTED

Last Evening About 5 O'clock and the Loss Will Fall Heavily on the Trustees.

There was a bad fire last night about 5 o'clock, an alarm being turned in from the Second ward. The First Baptist church on Sixth street north was discovered to be on fire and before the flames could be quenched the building was gutted.

Some children had been practicing in the church for the Children's Day exercises and it is thought that one of them dropped a match. Rev. W. H. Walker and wife live in rooms to the rear of the church and about 5 o'clock they saw smoke issuing from the auditorium part of the building. Rev. Mr. Walker turned in the alarm as quickly as possible, but the flames had made good headway before the fire ladders arrived.

The loss will not fall very heavily on the church society as there was about \$1200 insurance which it is thought will be sufficient to cover the loss.

Nearly everything in the church was removed as also were the household goods belonging to Rev. and Mrs. Walker.

It's a big risk to be without Dr. Adler's Treatment, the great appendicitis preventative, in the home. Can you afford to take chances? Better get a bottle. Johnson's Pharmacy.

A Surprise

Rev. Knowles was given a pleasant surprise last evening at the close of the Bible Study Class when the president of the class, after a few brief fitting remarks presented him with a golden token which expressed only in a small measure the great appreciation and high esteem in which he is held by the members of the class.

Rev. Knowles in response said it was not necessary to do anything like this to let him know that he had the hearts of the class but that the kindness and interest shown spoke louder than any gift and that while the class was not a large one, that it is one of the best that it had been his pleasure to attend and teach.

The class have just completed the "Studies in the Apostolic Church" and it has been a very helpful and interesting one.

They expect to take up the study again in the fall.

SEVERE STORM IN TEXAS.

Several Persons Injured and Many Houses Damaged.

Fort Worth, Tex., May 26.—A storm cloud having every appearance of a tornado, swept over a wide area in north Texas during the day. Many houses were damaged, several people were injured, but no fatalities are reported.

The storm touched Waxahachie, Ennis, Dennison, Temple, Gainesville, Cleburne, Fort Worth and other towns, badly frightening persons who are apprehensive of recent tornadoes in this section. The town of Chicota, near Paris, which was reported damaged by the storm, was not in the path of the heavy wind.

The System Lives On Good Rich Blood.

People Who Lack the Proper Quantity and Quality of Blood Fall Victims to Every Disease That's Prevalent.

DR. A. W. CHASE'S NERVE PILLS.

The blood is the medium through which every tissue, every organ is supplied with the material it feeds upon and rebuilds itself with. Take away that nourishment by letting the blood run down in quantity and quality and you take away the power of an organ or tissue to resupply waste or rebuild itself. In other words, the system starves; color, appetite, steadiness, energy, vigor, vitality—are all lost and a condition of mental and physical prostration sets in. This condition Dr. A. W. Chase's Nerve Pills positively cure by their power to manufacture good, rich, nutritious, oxygen carrying blood, a blood that carries to every organ the very material it lives and thrives upon.

Mr. George Horkins of Westinghouse Avenue, Wilmerding, Pa., says:

"I began to use Dr. A. W. Chase's Nerve Pills in Pittsburgh. I was at the time badly run down, weak—nervous—could not eat—could not sleep well. The medicine put me in splendid shape rapidly and easily, giving me steady nerves—a fine appetite—restful sleep—a general feeling of energy and vigor and good rich blood that showed in the way my color came back. The medicine is certainly a grand one and I am only too glad to say so." 50 cents a box at dealers or Dr. A. W. Chase Medicine company, Buffalo, N. Y. Portrait and signature of A. W. Chase, M. FORGERY CASE IS BEING TRIED

Case of the State Against M. H. Rock Taken Up Before Judge Warner

COURT ROOM IS PACKED

M. E. Ryan Appears on Behalf of the Defendant—The Other Cases

The municipal court room was the center of attraction this afternoon for a large number of railroad men who had gathered to hear the testimony of in the case of the state against M. H. Rock, charged with forgery. Rock is the man who, it is claimed, raised a check from 24 cents to \$24 and got it cashed at the John Wise saloon.

Attorney M. E. Ryan appears on behalf of the defendant in this case. W. C. Bickford, to whom the check was made payable was on the stand this afternoon at the opening. Some rather sensational testimony will be given. Acting County Attorney Crowell is looking after the state's interest.

Side Talks by the Office Boy.

The difference between a man and a boy is that each thinks the other is having all the fun in life. I heard the old man get off a new one the other day. He said, "Children are the coupons clipped from the bonds of matrimony." Did you ever stop to think that the merchants, the statesmen and the failures of the future are to be found among the office boys and the school boys of today? A poor kid who has to work day-times and go to night school has just as good a chance to be "President" as the fellow whose dad buys automobiles and yachts and things for him. I have no ambition to be president. I'd rather be like the old man and have a big store. The trouble with starting a store myself, it takes years and years to build up a big business, and then you have to be so careful to buy only the most reliable goods. I wish all the merchants would get together and agree to sell only H. W. Linnemann's guaranteed goods. Everybody knows they are the best. Then, whatever store you happened into, you'd be sure to get a square deal. Our number is 616, Front street, Brainerd, Minn.

Clarke and Fritz Sentenced to Pay
a Fine of \$100 or Ninety
Days in Jail

ARRESTED FOR ILLEGAL FISHING

Sheriff of Otter Tail County Ar-
rested Man Who Fished Illeg-
ally a Year Ago.

The state game and fish commission is certainly making a strenuous effort to apprehend those who do illegal fishing, if the case against Claude James, of this county, is a criterion. Sheriff Orris Albertson, of Fergus Falls, arrived in the city yesterday and went out to the young man's home and placed him under arrest, charging him with fishing bass out of season. It was claimed that he fished in one of the lakes in Otter Tail county. Arrangements were made for young James to plead in this city to save the expense of transportation. He pleaded guilty and was fined \$30 which he paid and Sheriff Albertson returned last night.

It is understood that James did the fishing for which he was arrested over a year ago. He was arrested once and discharged, but new evidence was found against him.

There was a hearing in the municipal court this morning in the case of the state agent Chan Clarke, charged with illegal fishing. Clarke and C. Fritz were arrested at the instance of Deputy Game Warden Saunders on May 11 as they were coming to town with a quantity of fish. The deputy warden claims to have found among the fish some black bass. At the hearing this morning both Clarke and Fritz swore that they did not see the game warden at all on that day.

They were not represented by attorney and the examination was very brief. Judge Warner inquired some as to the number of fish the men had and it was ascertained that Game Warden Saunders counted ten. Clarke testified that he had fish with him, that day but they were croppies and pickerel. He sold these, he said, to J. F. Dykeman. This was found to be true, but it was immaterial as relating to the bass.

At the conclusion Judge Warner found both defendants guilty and sentenced each to pay a fine of \$100 or ninety days in the county jail. They did not have the money and they were taken into custody. The court gave out the limit, \$10 per fish.

The law regarding the open season for black bass in Minnesota is so plain that no one should make a mistake. "No person shall take, catch, kill or have in possession or under control for any purpose whatever within the periods mentioned * * any black, gray or Oswego bass between the 1st day of March, and the 29th day of May."

Strictly interpreted the law declares that no bass shall be taken before midnight of the 29th of May, for "between" the dates named does not include those dates.

However, when the trout season opened anglers were out in great numbers on April 15, notwithstanding the open season did not begin until midnight of that day.

It was anticipated that Bank Examiner P. M. Kerst would be able to give out a statement today concerning the situation at the Northern Pacific bank, but he decided not to do so until the directors have more time to whip things into shape. The bank examiner seemed to view the situation with a more hopeful aspect today and stated that the officers were working diligently on the paper and were whipping it into shape, and thought the prospects looked much brighter than at first.

WILL COME TO FAIR IN OX TEAM

Ezra Meeker, Pioneer and Historian. Will
Make Trips in Prairie Schooner After
Manner of Early Settlers.

Portland, May 25.—Ezra Meeker, of Seattle, Wash., whose recently published work entitled "Pioneer Reminiscences of Puget Sound" has attracted wide attention, has announced his intention to retrace a portion of the Oregon trail this summer in an original "prairie schooner" drawn by a pair of oxen. He will camp with his outfit en route and stake a claim on the bank of Willamette slough, where he will remain long enough to take a peep at the Lewis and Clark Exposition.

Mr. Meeker has chartered a "sure enough" schooner in the shape of a stout oak wagon, which for some fifty years has been enjoying a well earned retirement in a shed on the banks of the Cowlitz river. The wagon was used in the march of the pioneers across the continent in the early fifties. It will be fitted up after the manner in vogue in pioneer days and covered with canvass bearing the flaming legend, "Oregon or Bust." Mr. Meeker will use it as a baggage car, sleeper, dining and observation train, and expects to make the trip from Seattle in two weeks, barring accidents and hold-ups. The distance is about 200 miles.

Mr. Meeker came to Oregon about half a century ago in the sort of conveyance he will use in making his trip to the Lewis and Clark Exposition and he has written entertainingly of his experiences.

HAPPY WOMEN

Plenty of Them in Brainerd, and Good Reason for it.

Wouldn't any woman be happy, After years of backache suffering; Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Brainerd reader Should suffer in the face of evidence like this:

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "I believe that after what Doan's Kidney Pills did for me they will do for anyone similarly troubled. Before using them I suffered for six months from kidney trouble. There was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at a drug store and I took them with the result that they acted like a charm. I can truthfully say that I have not had a symptom since."

On October 28, 1904, six years after giving the above statement Mrs. Zellers says: "I am just as glad to recommend Doan's Kidney Pills today as I was in 1898. I have not had a attack of kidney trouble since I used Doan's Kidney Pills, and must give them credit for a permanent cure."

GAMES MONDAY AND TUESDAY.

The St. Brainerd team will return from their trip west Monday morning and will play Winnipeg here two games, Monday and Tuesday, the latter day being Decoration day. On Monday afternoon the game will be called at 4 o'clock. The St. Brainerd team will be strengthened up by that time and the fans look for a series of good games. The game on Tuesday morning will be called at 10 o'clock.

The fans held a meeting last night at H. I. Cohen's office, that is, a few of them did. There is business of importance and another meeting has been arranged for tonight at Mr. Cohen's office and all should be present.

EXHIBITION CONTEST.

Sunday's game between the Fargo and Crookston teams has been declared an exhibition contest by the president of the Northern League. The game was not scheduled and was played according to the officers of the league in an attempt to test the Sunday baseball question in Fargo. No objection was made to the game, although trouble was expected and the followers of the game believe that they will be permitted to witness Sunday baseball in the town this season.

An Excellent Teacher

EDITOR DISPATCH:—Will you permit a patron of the Whittier school space for a few words of commendation for the excellent work done by Miss Lou P. Barrett, principal of that school and instructor in the 7th grade. The fact that every pupil of the grade was promoted, only one on condition, shows not only ability to teach but faculty to induce and compel the pupils to work.

This is written in no spirit of disparagement of the work of other teachers in that or other buildings, but their work has not come under the writer's especial notice or personal knowledge. The residents of the north side are to be congratulated that the board has retained Miss Barrett for another year as principal of the Whittier school. A FATHER.

COURT UPHOLDS SHEA

JUDGE KOHLSAAT DECIDES LA-
 BOR LEADER NEED NOT RE-
 PLY TO QUESTIONS.

NO VIOLENCE IS REPORTED

EMPLOYERS SEND THEIR WAGONS
 ALL OVER CHICAGO WITH-
 OUT ANY TROUBLE.

Chicago, May 26.—Cornelius P. Shea, president of the International Teamsters' union, was upheld during the day by Judge Kohlsaatt of the federal court in his refusal to answer questions before Master in Chancery Sherman which might tend to incriminate him.

Shea is now under indictment in the criminal court and Judge Kohlsaatt declared that answers to some of the questions put to him might prejudice the hearing of his case.

In the same decision which excused Shea the court ruled that Bernard Mulligan, president of the Express Drivers' union, and John Donohue, a member of the same union, had refused to answer questions which could not in any way connect them with any criminal proceedings and they were therefore in contempt of court. He sentenced both men to jail, but allowed them to remain in nominal custody of United States Marshal Ames for five days that their attorneys may perfect a review on habeas corpus proceedings before another federal judge. The men will be held in a hotel for the five days in charge of two deputy marshals.

Arguments on the motion to commit the men were heard during the morning and Judge Kohlsaatt announced his decision late in the afternoon. The courtroom was crowded with labor leaders and members of the teamsters' union and many representatives of the employers.

Mayer and Shea Shake Hands.

At the conclusion of the hearing a large crowd gathered about Attorney Mayer, who had asked the court to commit the men for contempt. President Shea edged his way through the crowd to the attorney and they shook hands.

"Well, I got your co-conspirators," said the lawyer with a laugh.

"Yes, but you didn't get me," answered Shea.

The hearing before Master in Chancery Sherman will be resumed at 10 a. m. Hugh McGee, another official of the local teamsters' union, will be one of the first witnesses. James B. Barry, business agent of the same union, will also be called within the next few days. He was one of the men who were ordered by Judge Kohlsaatt to answer certain questions but appeared before the master during the morning and replied to them. He was not therefore cited for contempt.

The strike did not spread to any great extent during the day, and there was practically no disorder. A number of the lumber firms made a few deliveries but did not attempt anything like their normal amount of business. For the first time since the commencement of the strike a large number of coal wagons handled by colored teamsters passed through the downtown streets without police protection. None of them were molested in any way. The large State street stores also made deliveries, going even into the outskirts of the city without guards and no trouble was experienced.

Few Volunteers Respond.

Mayor Dunne and Chief of Police O'Neill did not meet with the response expected when they called for 1,000 volunteers for additional policemen. Not over 100 men responded and only three-quarters of these proved acceptable. In the lumber districts several concerns when offered police protection refused to accept it, saying that it was not possible for them to make deliveries unless their wagons were guarded by soldiers. Chief O'Neill replied that they could wait for soldiers if they so desired, but that he would cause their yards and the territory around them to be patrolled by his officers.

The express companies absolutely refuse to recede in the slightest degree from their declaration that none of their old men will be re-employed.

A committee representing the teamsters was appointed at night to meet representatives of the Teamowners' association. The latter organization has made another demand on the teamsters for the arbitration of the question of cancellation of contracts by the teamsters in refusing to make deliveries of goods to boycotted houses. It is possible the two committees may agree to settle the difference by allowing the teamsters to make deliveries.

Verdict of First Degree Murder.

TAKES THE OATH OF OFFICE.

Charles G. Magoon Sworn in as Governor of Canal Zone.

Panama, May 26.—H. A. Gudger, judge of the canal zone, during the morning administered the oath of office to Charles G. Magoon, governor of the canal zone, in the Ancon district. The inauguration ceremony took place in the presence of President Amador and the cabinet, Senor Obaldia, minister to the United States, the diplomatic and consular corps and prominent native and foreign residents.

Governor Magoon in his inaugural speech said the reorganization of the canal commission had resulted in the centralization of authority and the transfer of power from Washington to Panama, permitting the putting of more energy into the work of construction. Continuing, the governor announced that Chief Engineer Wallace had completed the plan of organization.

SENATOR TILLMAN INJURED.

Badly Cut and Bruised in Carriage Accident at Night.

Charleston, S. C., May 26.—While returning to his home at Trenton in a carriage after attending the commencement exercises of the South Carolina Co-Educational Institution at Edgefield, late at night, United States Senator Benjamin R. Tillman was driven over an embankment near the campus and painfully injured, sustaining two ugly cuts on the top of his head and was otherwise bruised. It was very dark and the horses missed the road, precipitating the carriage and occupants down a distance of about fifteen feet. In the carriage were Senator Tillman's daughters, Miss Lona and May, and Miss Brant. None of the ladies was injured. Senator Tillman's injuries were given prompt attention and it is understood that he will not suffer any serious consequences.

Wheaton, Minn., May 26.—The fourteen-year-old daughter of Fred Sidensticker, a prominent farmer living near here, it is charged, shot and instantly killed young Herman Shiffe during the afternoon.
